

Beta Art e90P

OVERVIEW

A special edition of our popular Beta e-series welding helmets. Choose from two unique designs: 'Forest' reflects the details of a beautiful northern pine tree, while 'ice' captures the unmistakable details of a frozen Nordic landscape. The e90P has a passive welding filter for reliable eye protection and a lightweight but strong shell. It also has a comfortable headband, the GapView flip lens function, and a magnifying lens frame.
